

Richard Hemphill, Senior Pastor

December 17, 2006

Dear Don,

As Pastor, and as The Fellowship of Deacons of Trinity Fellowship, we wish to express to you our heartfelt gratitude for your service to our church. Through personal sacrifice of your time, energy, talents and finances you have not only exemplified a servant's heart, but you also have shown to those around you a desire to glorify God in your daily walk with Him.

Don, your ministry is mostly a "behind the scene" ministry. Because of that we realize that most people will never know the full impact that you have on our church. We do! We take note of the many hours you have invested and the new level in ministry you have brought us to and we want to say "thank you for giving to the Lord". Furthermore, not only is Trinity blessed by your efforts, but the untold others who watch our DVD's or visit our web site are blessed as well.

Don, we appreciate Kelli too. We know that her support of you is vital to your ministry. We have enclosed a gift card as a special way of expressing our gratitude to the both of you. May the two of you enjoy a special evening.

God bless you.
